My Dear Friend

I rec<sup>d</sup> your

letter bearing your statement  
of the matter, & I have been  
thinking of you & your letter  
the latter has not been  
sent to me. I have not  
been since (Nov. 21) in writing to  
tell them all my views. I was  
unable to do so. I did not  
not know how to do this, & I  
whether they understood any  
reasons for making those in-  
quiries & from I. S. letter I plan  
then to the Stephen Foster to  
me in the winter that Gerrit  
Smith told him that Theodor  
W. said that when he was in

The Court then, by the majority,  
said they did not see how if he  
was a lawyer, he could have  
to report them. Of course I  
would not credit such a  
statement with Mr. F. said he  
had doubtless. "Well" said  
I, "I would write to Mr. Hale  
and ask him if he had made  
such a statement." Foster  
said if he was acquainted with  
him he would. I said I was ac-  
quainted with him and I would  
do it, and Mr. F. replied that he  
would glad if I would. I did  
so soon after, and as soon as  
he could communicate with  
S. S. and get his reply, he ac-  
knowledged my letter. It resulted  
as I expected, entirely exonerat-  
ing the firm from the charge of  
ever having given him any

such evidence. I have a  
closed file with the  
to L. S. Boston requesting him to  
return it to me, and if he  
does so I will send it to them.  
It appears to be as though, inferences  
and old New Organization  
misunderstanding, if not  
falsehood.

With much esteem and  
unwavering confidence  
thine truly,  
C. D. Case.
